

**INDIAN INSTITUTE OF MANAGEMENT NAGPUR
VNIT CAMPUS SOUTH AMABAZARI ROAD, NAGPUR-440010**

Indian Institute of Management Nagpur invites proposals for the work mentioned below

Tender Notice No: IIMN/Projects/2018-19/02 dated 12-06-2018

TENDER DOCUMENT

To carry out topographic, contour and demarcation survey of land allotted to IIM Nagpur at Plot No-01, Sector-20, MIHAN notified area Khapri, Nagpur. (Area 132 Acres approx.)

Client

Chief Administrative officer
Indian Institute of Management Nagpur – 440010
Email:procure@iimnagpur.ac.in
Phone no:07127102381/2360

GENERAL

This specification covers the technical requirements for carrying out “**Topographical Survey**” for the entire area/areas indicated for locating the IIMN campus. The work shall be executed in accordance with the specification and good standard of practice necessary to fulfill the objectives of the survey work strictly in accordance with the instruction and satisfaction of the Engineer-in-charge.

Site location: Plot no-01, Sector -20, Notified area of MIHAN, at Dahegaon Nagpur-441108

SCOPE

The scope of work includes the following.

- Carrying out topographical survey and preparation of plans (maps) and report of the entire area/areas indicated in price bid
- Carrying out detailed topographic survey of the entire area to map all surface features like roads, existing buildings, telephone poles, electric poles, high tension lines, trees (having girth more than 0.3m), structures, huts, wells , dence plantation etc. within the site boundary.
- Carrying out bench mark (GTS / any other reference bench mark approved by the engineer-in-charge) to site/sites under survey by parallel levelling, establishing and constructing bench mark, grid and reference pillars in the field.
- Spot level survey of the entire area/areas at specified intervals and development of contours.
- Carrying out detailed contour survey with 1” accuracy to get the levels of various points for generating contours of the area at 0.5 m interval. Instruments to be used Differential Global Positioning System (DGPS) and Electronic Total Stations or drown shall be used for carrying out the survey work. Contractor has to submit the survey methodology and accuracy, if any, clarified at site only. ISO 9001-20
- Carrying out cross-section of canal/nallah as specified in the schedule of quantities by taking spot levels at the 5m interval or less depending upon the site conditions and instructions of the engineer-in-charge.
- Providing survey instruments, construction equipment, tools & plants, materials, labours, qualified surveyors, clearance of jungles, cutting of trees, earthwork, scaffoldings, transport, supervision by competent engineers/surveyors, full insurance and all other incidental items as may be necessary for successful completion of the surveying, mapping and construction works etc.

- Furnishing all field data and drawings on CD apart from hard copies
- Furnishing survey report as described in details in the succeeding paragraphs is also included in the scope of work

Qualification of the Bidder The qualifying criteria is as under:

- Topographic Survey with contour & mapping using Electronic Total station and /High Definition Survey (HDS) and experience of having successfully completed similar works during last 3(Three) years. Attach- Copy of Proprietorship OR Partnership Deed **OR** Memorandum of the Articles of Association or company incorporation/surveyor license/PWD registration
- Please attached PAN & GST No.
- One similar completed work is costing not less than 80% of the present estimated cost i.e. Rs. 5.00 lakhs. The bidder has to furnish necessary documentary evidence in support of this.
- The bidder shall submit the successful completion certificate from the owner of land /organization for which the bidder has done the work. Attach-Work Order Copy / Work Completion Report.
- Financial Stability of Bidder - The firm must be a profit making organization for last three consecutive years as on 31.03.2017. Signed copies of audited and duly certified by the Chartered Accountant balance sheet and profit & loss account of last three consecutive years ended 31.03.2017. (Simply undertaking by the bidder or CA certificate in lieu of the balance sheet and profit and loss statement will not suffice the purpose)
- The bidder should have sufficient number of skilled and competent manpower. The bidder should submit the qualification of the manpower to be used for survey

TENDER DRAWING

The enclosed ANNEXURE-B indicate the tentative location of the area/areas to be surveyed for locating the project. The work shall be carried out as per the instructions of the engineer-in-charge.

The bidder must visit the site prior to submitting his quotations to acquaint himself fully with the nature, type, scope of work and involvement therein. The rates quoted shall remain firm during the entire period of execution till completion of the work and any additional claim for lack of knowledge shall not be entertained

SPECIFICATION

The work shall be executed according to the specification and good standard of practice necessary to fulfil the objectives of the survey work strictly in accordance with the instruction and satisfaction of the engineering- charge.

The specification shall be read in conjunction with the description of items in the schedule of quantities. The bidder shall refer to the employer for any discrepancy which may exist between the drawings, specification and corresponding items of the schedule for clarification before submission of quotation and the employer's decision as to the clarity of the point raised shall be final and binding on the bidder

The work at site shall be carried out under the full-time supervision by a qualified engineer or a senior surveyor. The engineer or senior surveyor shall be responsible for and capable of coordinating the work of the surveying teams, setting out the work accurately, identifying immediately and positively the type of instruments to be deployed and the methodology of surveying to achieve speed and accuracy in the work and shall be fully conversant with the theory and techniques of traversing, triangulation, spot levelling survey work etc. covered by this contract

TOPOGRAPHICAL SURVEY AND MAPPING

Positions both in plan and elevation of all natural and artificial features of the area like waterways, railway tracks, trees, cultivation, houses/any structure, fences, pucca and kutcha roads including culverts and crossings, foot tracks, other permanent objects like telephone posts and transmission towers etc. are to be established and subsequently be shown on survey maps by means of conventional symbols (preferably symbols of Survey of India maps). All earth deposits, depressions, hills and valleys within the area/areas are to be surveyed and plotted on maps by contours. Necessary that levelling work of the entire area/ areas are to be surveyed and plotted on maps by establishing horizontal location so location and sketching of contours for the area/ areas can be done at specified intervals and in specified scales on maps. In case of

steep slopes and dense jungle etc. where gridding is not possible, the method of survey, contour intervals etc. shall be decided by the Engineer-in-charge at site. Any unusual condition or formations on the ground, location of rock outcrops and springs/falls etc. shall also be noted and plotted on the maps.

The field work shall be done with total station equipment in the following steps.

1. Establishing horizontal and vertical controls and locating reference grids and benchmark in the area.
2. Surveying for establishing spot levels and plotting contours. grids and bench mark in the area.
3. The grids for the survey work shall be established in N-S & E-W direction corresponding to magnetic north or the plant north as directed by the Engineer-in-charge.

PREPARATION & SUBMISSION OF SURVEY MAPS

The contractor shall submit survey maps of the site in 1:1000 scale indicating grid lines and contour lines, demarcating all permanent features like roads, railways, waterways, buildings, power lines, natural streams, trees etc. Project area should have two originals, one showing spot levels and contours (with contour line interval of 1m) with grid lines and other with grid lines, contour lines and permanent features.

The contractor shall submit three copies of all the maps for review and approval of the engineer-in-charge. After approval, 6(six) prints of all the final maps along with a set of the originals on polyester base film and a CD shall be submitted. Copies of the maps shall be submitted in proper flappers and original polyester base drawings should be handed over in proper cardboard covers indicating index of drawings.

Payment shall be made on the area actually surveyed as covered by the plan

SUBMISSION OF FIELD DATA AND REPORT

Contractor shall submit all data pertaining to the survey in original to the Engineer-in-charge.

All field data shall be submitted to the engineer-in-charge from time to time as per progress of the work.

Three copies of draft report shall be submitted on the completion of the field work for review and approval of the engineer-in-charge. The report should give the introduction of the site, methodology adopted for surveying the areas, calculation of errors, transfer of bench mark and any other calculation required for surveying and preparation of the survey maps

Details of trees with their name, numbers and girths shall also form part of the survey report.

The survey report should also cover the following.

- General site observation such as location of access roads, river, pond and nallah courses, irrigation canals etc.
- Presence of any well and /or tube well in the site and water level in them shall also be indicated.
- Whether there are any rock outcrops in the site.
- Existing drainage pattern of the site, possibility of waterlogging and high flood level of the area.
- Final survey report shall be submitted in 2 copies of standard A4 size sheets properly bound and printed using good quality paper and material.

RESPONSIBILITY FOR ACCURACY OF PROJECT PROPOSALS:

The Survey Agency shall be responsible for the accuracy of the data collected, and the drawings prepared by him as a part of the project. He shall indemnify the client against any inaccuracies in the work, which might surface out at the time of implementation of the project. In such cases Survey Agency will be responsible to correct the drawings including resurvey, investigations as required at his own cost.

CLEARANCE OF JUNGLES AND CUTTING OF TREES

Clearance of jungles and cutting of trees as required to facilitate the survey work also form part of the contract. Necessary permission of concerned public bodies shall be secured by the owner. The contractor shall ensure that minimum amount of jungles is cleared and trees are properly cut under the direction of public bodies. The trees and jungles as cleared shall be stacked and handed over to the engineer-incharge/ owner. No extra payment is admissible under this account

Water & Electricity:

The agency shall make his own arrangement for water & electricity on site.

INSPECTION

The contractor shall make all arrangements of men, material, instruments, surveyors, necessary records and field data etc at the work site for checking of the work to the satisfaction of the engineer-in-charge or his authorized representative during the progress and on successful authorized representative during the progress and on successful completion of the work. The contractor shall intimate well in advance before final decamping from work site so that the final work can be inspected by the engineer-in-charge. This will form a part of acceptance of the work for release of payments.

145	Scope of Work	1. Demarcation of the land as per the coordinates given by the client. 2. Carrying out detailed topographic survey of the entire area to map all surface features like roads, existing buildings, telephone poles, electric poles, high tension lines, trees (having girth more than 0.3m), structures, huts, wells etc. within the site boundary. 3. Carrying out detailed contour survey with Total Station of 1" accuracy to get the levels of various points for generating contours of the area at 1.0 m interval. 4. Preparing computerized drawings and submitting five set of color prints and one soft copy complete. 5. Demarcating and verifying the plot boundary as per co-ordinates given by IIMN/MADC. Instruments to be used: Differential Global Positioning System (DGPS) and Electronic Total Stations or drown shall be used for carrying out the survey work. Contractor has to submit the survey methodology and accuracy, if any, clarified at site only. ISO 9001-20

146	Exit Clause	The vendor has to complete the works within the time schedule mentioned at clause No.106, and on failing to do so, the vendor shall be notified on expiry of such delivery schedule. Even after such notice, if the vendor fails to complete its work to its entirety and hand over the same to IIMN for its use within two weeks form the date of issue of such notice, the order/contract shall deemed to be cancelled without any further notice to the vendor. Notwithstanding anything in this clause, IIMN shall be at its liberty to impose LD/penalty as mentioned in clause no.107 on the vendor as it deemed fit. The vendor shall not be allowed to remove any material pertaining to incomplete work, and IIMN shall not be liable to make any payment for the incomplete work."
147	Force Majeure	If the whole of any part of the performance by the Parties of any part of their respective obligations hereunder is prevented or delayed by causes, circumstances or events beyond the control of the Parties including delays due to floods, fires, accidents, earthquakes, riots, explosions, wars, hostilities, acts of government, custom barriers, or other causes of like character beyond the control of the Parties, then to the extent the Parties shall be prevented or delayed from performing all or any part of its obligations hereunder by reason thereof despite due diligence and reasonable efforts to do so notwithstanding such causes, circumstances or events, the Parties shall be excused from performance hereunder for so long as such causes, circumstances or events shall continue to prevent or delay such performance.
148	Taxes, Labour laws and Other regulations	The Contractor will be exclusively responsible to meet and comply with all legal requirements related to the work.
148.1		The Contractor shall accept and bear full and exclusive liability for the payment of any and all existing taxes of the Central or State Government or of any other authority with respect to the contract or any item sold or supplied pursuant thereto or anything done or service rendered pursuant thereto.
148.2		
148.3		Any legal matter or issues arise, and all court matters if arise for this contract are subjected in Nagpur courts jurisdictions only.

149	Pre-qualification requirements	Agency to submit the documentary proof in support for the eligibility criteria mentioned below. A simple undertaking by the agency for any of the above points shall not be considered for evaluation
149.1		Not applicable
149.2		The applicant must have GST registration and PAN No as applicable to this contract from time to time(Please submit self-attested copies of relevant documents)
150	Bid format	The bid shall be submitted in order as follows.
	Sealed Envelope - 1	Legible copies of documents mentioned in 149.1 & 149.2 duly self-attested by bidder to be submitted along with the P Q BID documents
		PQ documents as issued from IIMN office or download from IIMN website to be submitted and must be stamp with bidder seal & signature
		Relevant experience certifications as per PQ criteria
		Copy of GST registration and PAN no.
		Any other information bidder would like to attach.
	Sealed Envelope - 2	Price bid documents issued from IIMN office or download from IIMN website to be filled and signed with bidder stamp
151	System of Bid Evaluation	Price BID of only those bidders who qualify in Pre-qualification process will be opened at a subsequent date.
152	Precedence Clause:	In the case of any ambiguity in interpretation, the Price bid will supersede the Pre-Qualification bid and decision by Project Manager (A&C), IIMN on the interpretation of the entire contract terms and conditions will be final and binding to all.
153	Mathematical error	During the opening of price bids the total quoted amount will be declared. However, during calculation verification if there is any error found in total amount, the agency will be called for clarifications. The rates quoted by the agency will be considered firm and hence the amount will be worked out by multiplying the rate with quantity. The rate will not be allowed to be changed in any case. However, decision by Asst. Manager (A&C), IIMN on the interpretation of the entire contract terms and conditions will be final and binding to all.

INSTRUCTIONS TO THE BIDDERS
